TOWN WARRANT
Annual Town Meeting
April 26, 2000

Hampshire, ss.

To one of the Constables of the Town of Amherst, in said county, Greetings:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the registered voters of the Town of Amherst of the **Annual Town Meeting** to be held in the Auditorium of the Amherst Regional Middle School in said Amherst at seven-thirty o'clock p.m. on **Wednesday, the 26th day of April, two thousand**, when the following articles will be acted upon by town meeting members:

ARTICLE 1. Reports of Boards and Committees (Select Board)

To see if the Town will hear only those reports of Town officers, the Finance Committee, and any other Town boards or committees which are not available in written form.

ARTICLE 2. Petition – Resolution – Nuclear Weapons (By Petition of G. Braunthal)

“To see if the Town will vote to adopt the following resolution:

Whereas nuclear weapons continue to threaten all life on earth;

Whereas the cold war has been over for ten years, but the nuclear peril persists;

Whereas 5,000 nuclear weapons remain on hair-trigger alert status in the United States and Russia ready to fire at each other within a half-hour;

Whereas de-alerting would provide additional time for communication and diplomacy between nuclear powers in a time of crisis;

Whereas de-alerting would be a vital step toward nuclear safety, and thus would increase our security;

Therefore, be it resolved that the Town of Amherst calls upon the President and Government of the United States to engage other nuclear nations in negotiations for a Nuclear Weapons Convention requiring the de-alerting of nuclear weapons as the first step in the phased elimination of all nuclear weapons, including effective verification and enforcement measures.

Be it further resolved that the Town Clerk of the Town of Amherst shall send copies of this request to the President of the United States, to members of the Massachusetts Congressional delegation, and to our representatives in the Massachusetts Senate and House.”

ARTICLE 3. Petition – Universal Health Care (By Petition of A. Swift/J. Plaut)

“To see if the Town will urge the state Legislature to create a system of universal health care in Massachusetts that provides all Massachusetts residents with comprehensive health care coverage (including free choice of doctors and other health professionals, facilities and services and also including prescription drugs) and eliminates the role of insurance companies in health care by creating a publicly administered insurance trust fund, similar to the Federal Social Security trust fund;

and will commend Senator Stanley Rosenberg and Representative Ellen Story for their support of single payer legislation and urge them to use their full influence to move such legislation forward.”

ARTICLE 4. Petition – Resolution – Mt. Holyoke Range (By Petition of I. BenEzra)

“To see if the Town will adopt the following resolution: Whereas the Mt. Holyoke Range is an important part of the region's natural heritage and is critical to the future quality of life for the Connecticut River Valley and the four towns the Range occupies, Therefore the Town calls on local and state governmental bodies to take all necessary action to preserve the Range in its largely undeveloped and natural state.”

ARTICLE 6. Petition – Town Bylaw – Responsible Employer Bylaw (By Petition of R. Quick)

“Whereas the Town of Amherst expends substantial funds for public construction projects of which a significant portion of said money comes from taxes paid by the town residents and;

Whereas these projects not only benefit the whole community of Amherst through creating structures that make their daily life easier when the work is completed but they also directly impact the construction industry and the men and women who make their living in it and;

Whereas there are many construction companies that bid such public works projects that do not carry health insurance for their employees, do not participate in a bona fide apprentice training programs which ensures that our young people are properly trained, do not treat their workers as employees, but as misclassified independent contractors and as such avoids paying workers compensation insurance coverage, unemployment taxes, and social security taxes on said workers, and do not pay their employees their properly classified wages and;

Whereas Town of Amherst has the ability to ensure that only responsible contractors that do have health insurance for their employees, do have bona fide apprentice training programs, do treat their workers as employees, and do pay their employees the obligated established prevailing rate;

Now, therefore, the Town of Amherst adopts the following Responsible Employer Bylaws.

Responsible Employer Bylaw for General Bidders, General Contractors and Filed Subcontractors on Public Construction Projects in the Town of Amherst.

A. All bidders and all subcontractors under the bidder for projects subject to M.G.L. 149, c. 44A(2) shall, as a condition for bidding, agree in writing that they shall comply with the following obligations:

4. The bidder and all subcontractors under the bidder must maintain appropriate industrial accident insurance coverage for all the employees employed on the project in accordance with M.G.L. c. 152.

B. All bidders and subcontractors under the bidder who are awarded or who otherwise obtain contracts on projects subject to M.G.L. c. 149, 44A(2) shall comply with the obligations numbered 1 through 5 as set forth in paragraph A above for the entire duration of their work on the project, and an officer of each such bidder or subcontractor under the bidder shall certify under oath and in writing on a weekly basis that they are in compliance with such obligations.

D. In addition to the sanctions outlined in Paragraph C above, a general bidder or contractor shall be equally liable for the violations of its subcontractor with the exception of violations arising from work performed pursuant to subcontracts that are subject to M.G.L. c. 149, 44F.

E. The provisions of this Section shall not apply to construction projects for costing less than \$250,000 or to work performed pursuant to subcontracts that are subject to M.G.L. c. 149, 44F and that were bid for less than 50,000.

F. If any provision of this ordinance, or the application of such provision to any person or circumstances, shall be enjoined or held to be invalid, the remaining provisions of this ordinance, or the application of such provisions to persons or circumstances, other than that which is enjoined or held invalid shall not be affected thereby."

ARTICLE 9. Special Services – Resolution – Cars on Campus (Public Transportation Committee)

To see if the Town will adopt the following resolution:

Whereas the presence of additional cars at the University of Massachusetts contributes to the pollution of our air and the congestion of our roads and parking facilities; and

Whereas the limitation of cars on campus could have the beneficial effect of avoiding the building of new parking lots, thus saving money for the University and sparing green spaces in our town; and

Whereas such limits can also help to enhance public and alternative transportation in our town and throughout the region; and

Whereas many peer institutions to the University of Massachusetts limit the ability of first year students to bring cars to campus; and

Whereas the Parking and Transportation Advisory Board at the Amherst campus of the University of Massachusetts is reviewing implementation of a policy that restricts automobiles for first year students; and

Whereas the University Board of Trustees, a branch of the government of the Commonwealth of Massachusetts, will likely consider this policy in the near future;

Now, therefore, be it resolved that the Amherst Representative Town Meeting petitions the Commonwealth to implement a policy restricting first year students from bringing their automobiles to campus in the 2001-2002 academic year; and
